FARMERS MEETING SATURDAY WILL BE QUITE IMPORTANT

Mason County Farm Bureau Will Transact Much Business at Meeting on Next Saturday—Plans for Limestone Distribution to Be Made.

The meeting of the Mason County Farm Bureau which will be held at the Farm Bureau building in East Second street on next Saturday will be one of the most important meetings that this organization has held since its organization. The work laid out for this meeting will require considerable time to complete and it is expected that the members of the bureau and the farmers interested will be in attendance promptly on time and will enter into the solving of the many problems.

Persons will be selected at this meeting to have charge of demonstrations on corn, alfalfa, soy beans, tobacco, hogs, dairying beef cattle, sheep and poultry. These men selected will have charge of the demonstrations on the various lines throughout all of the county during the year 1920. Club work among the juniors of the county will also come in for discussion and committees will be selected to investigate feeds and fertilizers needed in the county during the year. The co-operation of the local dealers will be sought by these committees thus selected.

One of the most important matters to be taken up at this meeting will be the matter of building sheds at five railroad stations in Mason county for the storing of ground limestone. Two cars of limestone or about 60 tons has been offered free to each railroad station in Mason county providing the farmers who will use the limestone on their farms will erect at the various stations sheds for the storing of the limestone. This must be arranged for at once.

Another important matter, and this is probably the most important of all, is the matter of an official cow tester for Mason county. The matter of organizing a cow testing association of Mason county will be discussed at this meeting. The Kentucky State Experiment Station has offered to pay \$500 toward the salary of an official cow tester in Mason county if the county will pay the balance of the salary. This tester will be able to give register of merit and A. R. O. certificates of strictly official standing. It is the purpose to make the tester a sort of Assistant County Agent to learn the business under the County Agent proper. 1t

Because of the large amount of important business, it is hoped that every farmer will make an attempt to attend the Saturday meeting.

TOBACCO BROUGHT FROM MANCHESTER ON BOAT

The steam ferry boat "City of Huntington" has been bringing several large loads of tobacco to the local looseleaf market from Manchester and throughout Adams county. This tobacco is unloaded at the foot of Union street and delivered to various local warehouses. It is understood that there is much tobacco grown in the Higginsport neighborhood that is also to be delivered by boat in the near future.

POOR KIDS' ENTERTAINMENT AFTERNOON BEFORE XMAS.

The business men's committee which always furnishes toys and candies for the poor kiddies of the city and its suburbs, announces that their annual visit of Santa Claus will be at the Court House on Wednesday afternoon before Christmas. Everyone in the city is urged to hunt out the poor kiddies in their community and see that they attend to get their annual treat from old Santa Claus. 1t

TO ASK CONGRESSMAN TO PERPETUATE FEDERAL AID

County Judges Discuss Roads at Louisville Session Held Wednesday.

Louisville, Ky., December 18.—That Kentucky senators and representatives in the Federal Congress use every possible means to increase and perpetuate the Federal Aid to Roads and to promote and support all proper legislation tending to the speedy and permanent improvement of the highways of the state and nation was advocated at Wednesday's session of the County Judges' Association of Kentucky held in the courthouse.

S. E. DeHaven, president, in his address urged federal and state control of main roads in the counties and contended that the automobile tax for each county should be distributed to that county.

An increase of 17 cents in the state road tax levy and a change in automobile tax placing a 75-cent levy on each horse-power in pleasure cars were discussed by the judges.

Judge DeHaven read a bill to be presented in the next Legislature by Joseph D. Boggs, commissioner of public roads of Daviess county. Judge Boggs advocated a primary road system giving county seats at least one main thoroughfare. He proposed use of both state and federal appropriations until the primary system is completed. Under his plan maintenance would be incumbent upon the state. His plan calls for one county road department commissioner, a departure from the present complicated managerial system.

HIGH COST COMMISSION IS GETTING BUSY

Commission Says They Will Wake Up Louisville and Then Go After Food Dealers in Other Towns.

Louisville, Ky., December 18.—The Kentucky High Cost of Living Commission is expected to lay down a barrage on Louisville retail merchants today that will wreck the shopping district from end to end.

Colonel P. S. Callahan, M. S. Kendrick and Alfred Brandels returned to Louisville today with price comparisons made in cities adjacent to Louisville and the wide variations, with local dealers on the long end of the margins, are said to have amazed the commission members.

"Prices charged in other cities," said one of them tonight, "are a revelation. We will wake this old town up in the next day or two and then we will go after the merchants in other towns."

Mr. Kendrick has been open in his charges that Kentucky merchants are gouging to the limit. Others have expressed similar convictions, including that of "it not being a case charging all the traffic will bear," but an attitude toward the consumer of "take everything they've got."

The commission was recently reorganized and during the past week has been devoting its attention to flour and sugar sales.

PULLMAN CAR POKER GAME BROKEN UP; SUCKERS SQUEALED

Five Men Taken From Pullman Car on C. & O. Number Two By Conductor—Pleas of Guilty to Gambling Charge Are Made in Police Court.

When R. E. King, of Charleston, W. Va., had lost \$72 in a poker game which was in progress on C. & O. Flyer No. 2 this afternoon, he complained to the Conductor and the Conductor stepped into the drawing room just as another "sucker" was being fleeced of \$42. The entire crowd was put under arrest and at the local station turned over to Detective Thomas Stewart and Officer Fred Wells. The men were taken directly before Judge Whitaker for trial on gambling charges.

R. E. King, of Charleston, W. Va., and L. R. Beeson, of Hamilton, Ohio, were the two men who lost in the game. Both men contend that Dave Wilmer, of Philadelphia, Isaac Stewart, of Elwood Place, Ohio, and J. F. Dehnert, of Hamilton, Ohio, were playing a crooked game against them winning all of their money through crooked playing.

The three men charged with operating the game had the drawing room for the trip and one of the three would go out through the Pullmans and invite one man to come join in a game of cards. All three would then unite to get the fourth man's money, Beeson said on the witness stand.

Judge Whitaker fined Wilmer, Stewart and Dehnert \$20 and costs each and allowed both Beeson and King to go free. The men who were fined, promptly paid their fines and they will continue on their trip East on the C. & O. this evening.

OUR POLICY

To support such measures as are unquestionably for the good of Mason county as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

STILL CLIMBING

It seems that the top has not as yet been reached, that we are still climbing.

Now, people who have been climbing for a long time and steadily—more than five years our record—have about acquired the right to inquire—not peevishly, you know, but with something more than a polite interest—whether they are not approaching the end of the journey, whether the top is not in sight. At these heights the atmosphere is rarefied and we have heard that under such conditions the querulous and touchy mood easily gets the upper hand and people say and do things they would never, under normal surroundings, dream of doing. As to this we offer no opinion, content to register a scientific fact.

We may then return to the eternal feminine, since it is the eternal feminine that puts the eternal question: Why is there no top to the mountain? Why must we everlasting climb and keep right on climbing? And when she is told that it is her fault; that she has no one to blame but herself; that if she were thrifty and self-denying, careful and critical, the top of the mountain would do what mountains do only in Mohammedan prophecy, come half way to meet her, is it surprising that she flies off the handle and gets real mad?

But the lady has another answer. She insists that she never would have kept on climbing—even if she enjoyed it—if it had not been for the temptations, the prizes, the inducements higher up. And besides it is her steady experience that it really didn't matter what she paid for things because regularly, but a short time later, and the price would seem ridiculously, unbelievably cheap, so that where she more than half thought she was being robbed she soon discovered she was playing in luck and had picked up a bargain. And that's an argument there's no getting behind because, nine times out of ten it's true.

And then, somehow, the American who, but a few years back, did not hesitate to admit that "he couldn't afford it," is now getting a bit shamefaced. He used to be in a goodly company. Now he goes it alone. All his friends have machines and dress expensively and don't care what things cost and are strong upholders of the faith that extravagance is not only a good advertisement, but good for trade. Perhaps they read the Saturday Evening Post and note the sorry experience of one Irving Apfel who, if one may put it that way, deserved his good luck and profited by it.

Not that it matters. For we're still climbing and the top is not yet in sight. One month after another the index number takes new courage and moves the notch up a little higher and refuses stubbornly to become dizzy he the altitude what it may. Still climbing, that's the way of it.

TARIFF LESSON LEARNED BY FORCE

The Tariff Commission reports that the United States soon will be independent of foreign supplies of dyestuffs, synthetic medicines, optical and window glass, and other commodities. Of course the development of those new domestic industries is the direct result of the war, which gave them protection from foreign competition precisely as a Republican protective tariff law would do in times of peace.

AND STILL WE KNOCK MONARCHIES

Two dollars and a half a ton has been cut from the price of coal to householders in England. Neither is there any interruption in production. When the miners strike the government digs the coal until they see fit to go back to work. There are some advantages after all in a monarchical form of government.

GREAT CONFERENCE OF CHURCH PEOPLE HELD AT LOUISVILLE

Never Before Was Such an Opportunity For Church to Contribute to Needs of World Says Speaker.

Louisville, Ky., December 17—Never before in the history of the Christian church has there been such an opportunity for the church to contribute to national and world needs as at the present moment, declared Dr. David McCaughy of New York, in opening the conference of interdenominational leaders at the Trinity Methodist church Wednesday morning.

The conference, which has assembled outstanding men and women of the various evangelical denominations from the middle and western part of Kentucky, is being held under the auspices of the Interchurch World Movement, and is one of 66 similar conferences which are being assembled in the principal cities of America to discuss the vital problems of religion during the first three weeks of December.

In the opening address on "The Hour of Christian Opportunity," Dr. McCaughy, one of the foremost men in the American church life and an authority on social matters, insisted that America should take the responsibilities which the world war has thrust upon her, and that the churches of the nation should exert every effort to make the league of nations effective.

"The Christian forces of America must see to it that America does not lose the opportunity presented to her," said Dr. McCaughy. "The World Situation is too chaotic and unstable for the United States to withdraw her material and spiritual influence."

Dr. F. W. Burnham, of Cincinnati, one of the most prominent ministers in the south, and a church authority of national scope, who is heading up the group of speakers who are addressing the conference, presented the Interchurch World movement as an agency of cooperation of the various denominations to aid in making the general church program during the coming years effective.

He pointed out that the movement is an outgrowth of a call issued by the foreign mission board of the Presbyterian church, South, a year ago which was addressed to the other boards of evangelical churches to come together on some basis of cooperation in covering the foreign mission field. When the meeting was held, it was discovered that much work could be coordinated than the foreign mission work, and hence a special committee was chosen to outline such an organization as the Interchurch World Movement eventually became.

"The expressional activities of the churches should be co-ordinated," said Dr. Burnham, "in order to make them really effective in covering the entire ground of the world field. We all have individual and denominational beliefs which should not be disturbed; but we all have enough in common to charge us for the great central task in hand."

Delicate Mothers

Vinol, our Cod Liver and Iron Tonic, is the best remedy for Nervous, Run-Down, Anemic Conditions.

This Letter Proves It.

Kenton, Del. — "I suffered from a nervous, run-down condition and no appetite. I kept house and live on a farm so had to keep about my work as I have five in the family. My druggist recommended Vinol as the best medicine for my condition. I felt better after taking the first bottle. It has given me a good appetite, I sleep better and feel stronger in every way." — Mrs. J. HERMAN WILDS.

It is the Beef and Cod Liver Peptones contained in Vinol aided by Iron and Hypophosphites which makes it such a famous blood-maker, nerve builder and strength creator. Besides Vinol is not a secret medicine. Its full formula is printed on each package.

J. Jns. Wood & Son, Druggists, Maysville, Ky., and Druggists everywhere.

He explained that the movement does not aim at any church union or federation. No faiths or doctrines of organic bodies will be disturbed. It is an agency for securing information which all the forward movements of the time demand in order to formulate a comprehensive program; to promote all Christian endeavors through publicity of various kinds; to head up in a single organized campaign for men and money to do the work for each denomination what all would have to do in the same way under separate organizations.

The afternoon session, which began at 2:30, is being addressed by Dr. J. W. Cochran, of Detroit, on the subject of "World Needs in the Light of Today." The evening session will be devoted to a consideration of the survey which is being made of home-mission fields, including a survey of Kentucky by counties, under the auspices of the Interchurch World Movement.

Thursday morning's session will begin at 10:30, and will take up some of the objectives which the Christian churches in America are striving to reach at home.

The conference drew a large attendance on Wednesday morning, and much interesting discussion was developed from the floor by the delegates themselves.

Pepto-Mangan Enriches the
Blood. A Wonderful Tonic
and Vitalizer. Liquid
or Tablets.

Thin, scrawny people with blotched or colorless complexions, who have no "pep" and find it difficult to laugh and be merry and gay, would find their lives vastly changed if they would get plenty of real red blood into their veins and thus look better and be better.

Pepto-Mangan builds up the blood, puts color into pale cheeks and strength and vigor into tired bodies. If you think that nobody loves you, just try the "experiment" of having better health and see how people are attracted to you by your vigorous and wholesome appearance. If you are not suffering from a serious ailment, Pepto-Mangan will help you to better health. Ask your druggist for "Gude's" Pepto-Mangan. The name "Gude's" on the package is a sure guide to the genuine. Sold in both liquid and tablet form. The medicinal value is the same. Use whichever you prefer, but start now—don't delay.

INTHE DAY'S NEWS

Dr. Lynn Abbott, who enters upon his eighty-fifth year today, has been famed as a clergyman, author, and editor for upwards of half a century, and is still numbered among the active workers. Dr. Abbott is a native of Massachusetts and comes of a New England family which has contributed to American literature through several generations. After completing his studies at New York University, in 1853, he took up law, but soon abandoned that profession to enter the Congregational ministry. His first pastorate was in Terre Haute, Ind., where he remained from 1860 to 1865. In the latter year he went to New York and in 1869 he succeeded Henry Ward Beecher as pastor of Plymouth Church in Brooklyn. During the decade that he occupied the Plymouth Church pulpit Dr. Abbott became widely famed as a preacher. In latter years he has added to his reputation by his work as an author and as editor-in-chief of one of the prominent magazines.

WOULD CONNECT CHICAGO WITH NEW YORK

The Type Used in One Year to Publish Endorsements of Doan's Kidney Pills.

Of the many kidney remedies on the market today, none other is recommended like Doan's Kidney Pills. Fifty thousand benefited people gladly testify in the newspapers of their own towns. Forty-five hundred American newspapers publish this home proof of Doan's merit. The type used in one year to tell this wonderful story would make a solid column of metal twice as high as the world's highest mountain. Placed end to end the lines of type would reach from New York to Chicago. These miles of good words told by 50,000 tongues sound glad tidings to any Maysville sufferer who wants relief from kidney and bladder ills. Here's a Maysville case. Don't experiment. Use the remedy endorsed by people you know.

Ben. P. Fleming, constable of Mason County, 217 East Lee Street, says: "I have used Doan's Kidney Pills off and on for several years, getting them at Wood & Son's Drug Store, and they have been of great benefit. At times my kidneys have been out of order and I have suffered from a dull, constant ache through the small of my back. The kidney secretions have been irregular in passage, too. A box or so of Doan's Kidney Pills have never failed to relieve me of the complaint in a short time."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Fleming had. Foster-Milburn Co. Mfgs., Buffalo, N. Y.

CHRISTMAS CANTATA TO BE SUNDAY NIGHT BY M. E. CHOIR

Choir of Third Street M. E. Church. Has Beautiful Cantata To Be Rendered on Next Sunday Evening—"The Salvation of Israel" Is Title.

The beautiful Christmas Cantata "The Salvation of Israel" by Ira B. Wilson, just out new for 1919, will be given by the choir of the Third Street M. E. Church next Sunday evening at 7 o'clock. A chorus numbering about forty has been under hard training for three weeks preparing for the occasion. The cantata itself is one of Wilson's best. The text brings out the prophecies concerning a "Savior who should come to redeem Israel." Gradually the beautiful story of the birth of this Savior, the appearance of the angels to the shepherds announcing a Savior born; the adoration of wise men, and the general rejoicing, is unfolded. It is a real Christmas sermon set to music. The full program follows:

KENTUCKY WHISKY MAY BE SHIPPED

Louisville, December 18.—A way out apparently has been found for distillers caught with large stocks of liquor on hand by the Supreme Court's decision holding wartime prohibition constitutional.

A plan was presented to distillers here by representatives of steamship lines operating service out of Charleston, Brunswick, Jacksonville, Savannah and Wilmington to Cuba, South America and Europe. It contemplates immediate shipment of liquor stocks in Kentucky, estimated at 39,000,000 gallons in bonded warehouses, largely to Cuban ports for storage and subsequent resale in Cuba, or shipment to other foreign countries.

VETERAN EDITOR IS DEAD

Columbus, Ohio, December 18.—Colonel Edward S. Wilson, 78, for many years editor of the Ohio State Journal, died at his home here this morning. Death was due to complications resulting from indigestion and general decline.

During his career he was a law student, Civil War soldier, United States marshal at Porto Rico, editor, county school examiner, Republican presidential elector, member of the Board of Trustees of the State Hospital for Epileptics and an author.

A trick skater at the Roller Skating Rink last night attracted quite a large audience. There were many on the floor skating and a very large audience to see the trickster, who gave perfect satisfaction. The managers of the rink are now preparing for a big dance to be given there soon.

The grade children in the Maysville public schools are planning a big treat for the public when they give their recital tonight. The youngsters have been practicing much and it is understood they have an unusually attractive program arranged.

There has been quite a little rush on dog licenses at the County Clerk's office this week and as all persons must have their licenses by the first of January, it is expected this rush will now keep up until that time.

Misses Alma and Anna Arn have returned home after a visit in Cincinnati.

MISS THOMAS RESIGNS NEWSPAPER POSITION

The Lexington Herald says: Miss Ruth Thomas, who has been a member of the staff of The Herald for about two years, as a reporter and as society editor, has resigned and returns to her home in Maysville this week. She came to Lexington as a student of the University of Kentucky and continued her studies through the junior and part of the senior years, taking a position as a reporter on The Herald, while several of the men members of the staff were away in the war service and, upon their return, fulfilling the duties of society editor. For the last two months she has been the reporter for the activities of the various organizations of the city.

She is charming, versatile and shows distinctive ability as a writer as well as a reporter.

All her comrades of The Herald office are greatly regretting her departure.

After Christmas Miss Thomas and her mother expect to take a trip to Texas to spend the rest of the winter.

Farmers are urged to remember that the Maysville tobacco market will be closed from Friday, December 19, until Monday, December 22, for Christmas vacation. Those desiring money for Christmas must have their crops sold on or before Friday.
